# VISION BENEFITS

**ZENNI®**

# ZENNI BUSINESS

## ZENNI OPTICAL PIONEERED THE INDUSTRY IN 2003 WITH A MISSION TO MAKE “EYEWEAR FOR EVERYONE.”

Now, Zenni Business offers a comprehensive employee eyewear plan without the hurdles of traditional eyewear benefits. We ensure smooth fulfillment of your employees' eyewear needs with a vertically integrated business model, including ownership of optical labs, manufacturing, logistics, design, technology and customer service.

**Zenni's eye care industry experts can help streamline your workforce's access to eyewear.**

## REVOLUTIONIZE THE FUTURE OF VISION BENEFITS

### Corporate Benefits Program

Comprehensive plans provide high-quality eyewear for every employee, every budget.

### Bespoke E-Commerce Portal

Effortless onboarding and redemption ensure simple use for employers and employees.

### Maximize Benefits

Enhance your benefits package to boost employee recruitment and retention.

### Workplace Safety Program

ANSI Z87.1 certified safety glasses are stylish, affordable, and ensure compliance and comfort.

### Operational Excellence

50M+ orders fulfilled with award-winning 24/7 support, ensuring trustworthy logistics.

### Eyecare Leader

#1 global online eyewear leader offering top-quality frames and lenses from optical experts.

# ADD VALUABLE VISION BENEFITS TO YOUR EMPLOYEE PACKAGE

Save employees time and money on vision care while increasing well-being and satisfaction.

## EFFICIENT FOR COMPANIES AND EMPLOYEES

### Affordable Eyewear For All Employees

With frames starting at \$6.95, employees can immediately access over 3,000 affordable, high-quality eyewear options, maximizing the value of their benefits at home and in the office.

### Reward Your Team With Protection And Style

Find the perfect eyewear tailored to their needs, and add various lens options to protect your workforce: ANSI Z87.1 certified for safety, Blokz® blue light protection from screens, and Transitions® Drivewear® for employees on the road.

### Global Reach

Provide convenient access to vision correction benefits for employees both within and outside the United States. Choose from prescription or non-prescription frames, and have them shipped to the office or home.

## HOW WE IMPROVE THE PROCESS

### Uncomplicated Management With Comprehensive Support

Vision Benefits program by Zenni business effortlessly onboards employees with an intuitive interface that ensures smooth enrollment, accurate record-keeping, and award-winning customer service 24 hours a day, seven days a week.

### Streamline Access To Vision Benefits

The average employee spends \$300 out-of-pocket per family member. Choose from prescription or non-prescription frames, shipped directly to the office or home, saving valuable time and minimizing disruption.

## COST OF UNUSED VISION BENEFITS

\*Based on 5000 employees with an 85% vision plan participation rate.

# EXPERIENCE CLEARER VISION WITH ZENNI

At Zenni, we understand the importance of clear, comfortable vision. That's why we offer a range of lenses and lens coatings to suit individual needs and various workplaces. Rest assured knowing that your Zenni lenses will provide unparalleled clarity and protection.

## LENS OPTIONS

### Prescription Lenses

Our general use clear lenses are available in various indexes (thicknesses) for ultimate comfort and convenience. They come with 100% UV protection and are comparable to the top optical lenses on the market.

- **Single Vision** - Standard prescription lenses for either nearsightedness or farsightedness
- **Progressives** - No-line multifocal lenses with up to three viewing areas for near, mid, and distance in one pair
- **Premium Progressives** - No-line multifocal lenses with up to 40% wider view areas
- **Bifocals** - Two viewing zones for distance and reading separated by a visible line

### Trivex® Impact Resistant

Protection meets superior clarity. 60x higher impact resistance than the FDA minimum standard for glasses lenses. 50% higher clarity than traditional impact-resistant polycarbonate lenses.

### Transitions® Drivewear® Adaptive Tint Sunglasses

Sunglasses that reduce glare and adapt to changing light while inside your vehicle or working outdoors. Protect your employees on the road against rapidly changing daytime light conditions and reflective glare in any weather conditions.

### FL-41 Migraine Lenses

Experience tailored comfort and therapeutic relief to restore your sense of well-being with rose-tinted lenses designed for those who are sensitive to sunlight, fluorescent lights and screens.

### Bloksz® Blue Light Blocking

Zenni's exclusive line of blue light blocking lenses protect your eyes and promote better sleep, empowering you to work, play, and feel at your best.

- **Bloksz® Standard** - Filters 16x more blue light protection than a regular clear lens
- **Bloksz®+ Tints** - Up to 92.73% blue light blocked, in 8 vibrant lens color options
- **Bloksz®+ Anti-Fatigue** - Filters 23x more blue light with subtle magnification
- **Bloksz® Sunglasses** - Extra blue light protection in our darkest sunglasses lens
- **Bloksz® Trivex®** - Blue light blocking in an ultra lightweight lens with impact resistance

### ANSI Z87.1 Certified Safety Glasses

Our OSHA-compliant safety glasses protect the eyes for use in commercial, construction, engineering and industrial work environments. Safety protective lens packages include impact resistant lens options (high-index and Trivex®), 100% UV protection, anti-scratch coating, and water-resistant Super Hydrophobic anti-reflective coating.

### EyeQLenz™ All-in-One Protection

Advanced protection without compromise, this innovative 3-in-one lens blocks UV, blue and infrared light while adapting tint from indoors to outdoors, protecting your eyes and the skin around them, from screen to sun.

### Sunglasses Tints

Turn any Zenni frames into sunglasses with our wide array of sunglasses lenses with 100% UV protection.

- **Classic** - Popular, timeless tints
- **Polarized** - Anti-glare for superior clarity
- **Gradient** - Dark on top and lighter at the bottom
- **Fashion** - Bright, trendy tints that make a statement
- **Mirror** - Cool, stylish tints with extra glare protection

# LENS COATINGS

Lens coatings are a special film applied to glasses lenses in order to enhance optical performance and solve issues that can impact the visual experience, especially in various workplace settings where glasses need to be resilient or are exposed to the elements.

## Standard Anti-Reflective Coating

Reduce glare, reflections, and halos around lights. Particularly beneficial for nighttime vision and improving the appearance of your glasses.

## Oil-Resistant Coating

Our oleophobic coating repels fingerprints and has all the properties of the standard anti-reflective and water-resistant coatings.

## Water-Resistant Coating

Our super-hydrophobic coating incorporates water-resistant properties, reducing dirt and water buildup on your lenses and aiding cleaning.

## Anti-Fog + Anti-Reflective Coating

This specialized coating keeps glasses fog-free when used with a unique activator lens cloth. Great for use with masks or in cold environments.
